Financial & Field Ops Suite

Pandell's integrated suite of financial & field op software products offer valuable data links, support vital process controls, and deliver flexible reporting tools for energy companies.

PANDELL JV™
Financial Accounting

Pandell JV manages your joint venture accounting and financial operations in real-time. It has flexible setup options, intuitive multi-window interface, and efficiency-driving data entry features.

PANDELL PETRONET™
Production Accounting

Pandell PetroNet handles all your production accounting needs. It includes automated government reporting, a robust gas module, an automated gas schematic, and full integration with Pandell JV.

PANDELL AFE™
Capital Tracking & Approvals

Pandell AFE tracks and approves AFEs electronically over the web. Work on your AFEs from anywhere, filter and report on any combination of data criteria, and get your approvals done.

PANDELL AP™
Invoice Coding & Approvals

Pandell AP manages your payable invoices through electronic receipt, coding, routing and approval, and delivers direct master integration with Pandell JV.

PANDELL VP™
Vendor Invoicing Portal

Pandell VP is the top ranked web portal for digital invoice submission. It extends AP and JV's financial validation tools, audit controls, and digital workflow to the supply chain in real time.

PANDELL JOBUTRAX™
Field Ticketing & Approvals

Pandell Jobutrax is a fully digital solution used to create, approve & track oil & gas field service tickets from anywhere. It features auto-populating invoice fields and approvals in real time.

PANDELL XD™
Executive Dashboard Reporting

Pandell XD allows executives to quickly review and visualize key information across areas, business units, or subsidiary companies. Analyze data sets and trends from your Pandell financial, land, and operational systems.

PANDELL MOBILE™
Remote Application Access

Pandell's mobile application provides a powerful and convenient interface for your users in the field to perform critical functions, keeping your data up to date and in sync across your organization.
