

PANDELL[®] **FINANCIAL SUITE**

Pandell's suite of financial software products offer valuable data links, support vital process controls, and deliver flexible reporting tools for energy companies.

PANDELL AFE[™]

Capital Tracking & Approvals

Pandell AFE tracks and approves AFEs electronically over the web. Work on your AFEs from anywhere, filter and report on any combination of data criteria, and get your approvals done 85% faster.

PANDELL AP[™]

Invoice Coding & Approvals

Pandell AP manages your payable invoices through electronic receipt, coding, routing and approval. Cut invoice processing time by 60 to 70% and save money with vendor early pay discounts.

PANDELL EA[™]

Forecasting & Evaluations

Pandell EA helps you build project evaluations quickly for your wells and acquisition targets. Use the Case Wizard, price deck downloads, and batch case creation to run economics within minutes.

PANDELL JV[™]

Financial Accounting

Pandell JV manages your joint venture accounting and financial operations in real-time. It has flexible setup options, intuitive multi-window interface, and efficiency-driving data entry features.

PANDELL PA[™]

Production Accounting

Pandell PA handles all your production accounting needs. It includes automated government reporting, a robust gas module, an automated gas schematic, and full integration with Pandell JV.
