

Simplify Your AFE Management

Pandell AFE management software is the oil and gas industry standard solution for electronic AFE approval and tracking.

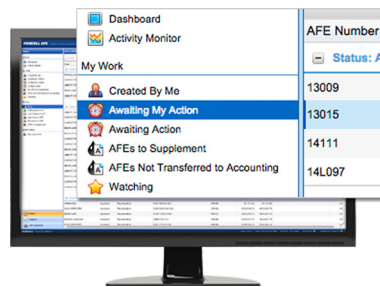

Drill Down to What's Really Going On

Canned reports are old school. Pandell AFE introduces an executive dashboard and dynamic Smart Folders which give you the flexibility to filter, save, and recall any combination of AFE data. Get to the core of your data fast, anytime.

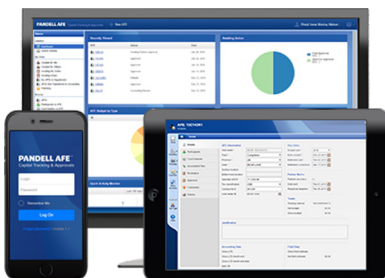

Get 85% Faster AFE Approvals

Had enough of losing folders and tracking down late approvals? Pandell AFE directs your AFEs through electronic, customized workflows. Keep your AFE process, just make it faster, paperless, and audit ready.

DESIGNED FOR

“Pandell AFE has significantly reduced our AFE approval time, taking it from 20-30 days, down to only one day. I’m not sure how we could have survived without Pandell AFE this year.”

Henfy Alison, Financial Controller
Murphy Oil EXPRO USA
