

## Dynamic Search-and-Save

A flexible grid search engine displays any combination of project variables tracked in the system and lets you save custom searches for recurring reporting.

## Transitions to LandWorks

Once your land rights are acquired, files can be smoothly imported into Pandell LandWorks for ongoing land asset management.

## Bar Raising Support

Exceptional, live, help desk services include one-to-one user support with industry experts, group user training, lunch & learn re-caps, video tutorials and more.

## Big Picture Gains

Stay on top with advanced web technology, secure data hosting, smooth system integration, and free upgrades.
